Dear Sir,

When government decides to call the union between same sex partners:"MARRIAGE" then we are getting ready for a plague worse than HIV AIDS.

Initially the worst ones to suffer because of anal sex were the Gay Community, but now innocent children and people who were given wrong blood during transfusions received the disease.

What is the future of any nation that decide to oppose the Word of God..... please do your own research. It is Mayhem, Cancer, Famine Drought and Poverty.

Why do we want to oppose God and call for CURSE. Isn't it obvious that South Africans, as a nation are opposed to Same Sex M.

I find myself unable to write the word Marriage next to the perversion which our Government is allowing.

Should we not have held a Referendum, or even a National census?

The Jews said : "Let His blood be on our Children" and when Hitler slaughtered them in their millions it was what they had called for.

You are calling for the Wrath of God and are you prepared to take ownership for the result of this decision. Have you investigated the #Gay Lifestyle it is fraught with Drug Addiction, Suicide, Sickness and Emotional Bankruptcy.

So how do you expect our Family Fibre to look like 30 years from now?

Only a fool can ignore the writing on the wall. Dan 5: 5 - 30. By the way this did not happen in Israel but in Iran.

As a Marriage Officer and a devoted Christian I refuse to Marry homosexuals or lesbians. Same Sex unions can be a legal transaction drawn up by an attorney.

Whatever you do don't call it MARRIAGE. .

Yours Faithfully,

Patrick A. Moffat.

## SUBMISSION RE CIVIL UNIONS BILL

First, activist "gays" hijacked the struggle (towards the tail-end when involvement meant the least risk and the most reward); now they are hijacking marriage and democracy in our country. Why do people who love talking about their "alternative lifestyles" and marching in funny outfits to proclaim to the "straights" their pride in being different now feel the need to marry? Will this give them dignity? I think not! A recent report in *The Citizen* newspaper told of how 14 "gay" men were found by police checking up on liquor permits in a gay bar in Pretoria East "partying naked." Hardly dignified behaviour!

It is quite obvious to those who have not been hoodwinked by liberal propoganda that the so-called gay activists are after more political power and, probably, a country in which pink tourism can flourish with gay abandon. The face of Cape Town has already changed to accommodate this agenda. A few years ago, the *Mail & Guardian* published "a pink map of Cape Town," detailing pro-"gay" and "gay"-friendly venues.

The vast majority of South African citizens are against same-sex marriage. Why must it be forced upon us? Why must we suffer under the perverted yoke of homosexual colonialism? What has happened to democracy? Is this the new apartheid? Will the Power of the Pink Rand be our new master?

The ANC must not tell South Africans that this is democracy, that we must listen to our constitution, that not legalising same-sex marriage is discriminating against "gays"! The ANC must not treat us like naïve invertebrates! We have brains and we have backbones! We do not believe the fairy-story that same-sex marriage will not affect the rest of us! Try buying a snug one-size-fits-all garment before going on a diet and see how well it fits afterwards! One-size-fits-all fits nobody *properly*.

"Gays" do not need the Civil Unions Bill for dignity – they *want* it to whitewash their evil deeds. "Gays" are not born that way, otherwise why would identical twins differ in their sexual choices? Black, Indian and Coloured people were discriminated against under apartheid because of their physical appearance which was not something they chose before or after birth. "Gays," on the other hand, are "gay" by virtue of the way they choose to behave. Rapists are rapists because of their behaviour; paedophiles are paedophiles because of their behaviour. Do we describe serial rapists as "sweet guys with a sexual preference for non-consensual sex"? Do we describe paedophiles as "men who just *really* love children"? Victims of rapists and paedophiles see them as evil criminals. "Gays" are men and women with sexual problems who need help. The Civil Unions Bill will make things worse for them as well as the rest of society.

Regards, Linda Yates BENONI P.S. "Although homosexuals account for only 1,5 - 2,5% of the US population they constitute about a third of child molesters." [Christine McCafferty & Peter Hammond, *The Pink Agenda*, p38 : Africa Christian Action 2001 - taken from *Homosexual Activists Work to Lower the Age of Sexual Consent* citing K Freund and RI Watson, "The Proportions of Heterosexual and Homosexual Pedophiles Among Sex Offenders Against Children: An Exploratory Study," *Journal of Sex and Marital Therapy* 18 (Spring 1992)] P.P.S. If you are convicted of homosexual behaviour in Nigeria and Tanzania, you can expect 14 years behind bars; in Sudan, you will be put to death; in Uganda, you will be kept in prison for the rest of your life; in Botswana, you will get three years of hard labour. Dear Mr Kotze

I am a teacher-librarian at Michaelhouse, a boys' independent school in KwaZulu Natal. I am writing in response to the Sunday Times advert where the public are invited to respond to the CIVIL UNION BILL.

The CIVIL UNION BILL would impact our school community in this way: Michaelhouse is a Christian school which falls under the Anglican Church. We teach our schoolboys values which are based on the Western Christian tradition as written in the Bible. One of the values we teach them is that a man should not have a sexual union with another man, nor should a boy have any sort of sexual union with another boy. If this Bill becomes law, then it undermines the values we are trying to instil. Those values go a long way towards providing the stability of the individual boys under our care and thus their lives after school, as family men and workers in society.

We at Michaelhouse have a long heritage of producing worthy citizens, who have made a huge contribution towards creating the democratic South Africa of today.

I speak in my personal capacity as a teacher, as a parent and as a concerned citizen : this CIVIL UNION BILL is bound to de-stabilise our already fragile South African society. There is enough crime and violence and poverty and instability in the South Africa of 2006.

Yours sincerely

Dear Mr Kotze

## How the Civil Union Bill Would Affect Our Community

### 1: How Children Would Be Affected

1.1 Future generations of children would suffer the most. Firstly, those 'born' to homosexual couples through artificial insemination, or those adopted by same sex couples, would grow up without either a mother or a father. The following statistics show the tragic consequences of fatherless and single parent homes in the United States:

- 63% of youth suicides are from fatherless homes.
- 85% of all children that exhibit behavioural disorders come from fatherless homes.
- 80% of rapists motivated with displaced anger come from fatherless homes.
- 71% of all high school dropouts come from fatherless homes.
- 75% of all adolescent patients in drug abuse centres come from fatherless homes.
- 85% of all youths sitting in prisons grew up in a fatherless home.

While this applies to children who grow up in fatherless homes, mothers are equally important in the lives of children and the results of motherless homes are equally tragic.

The father-mother-child bond makes it illogical to maintain that a homosexual union matches marriage in its benefit to society.

1.2 Children growing up with same sex parents or seeing and hearing about homosexual marriages may become confused about their own gender identity and roles. Children need the role models of both parents to become good parents themselves.

### 2: How Marriages and Families in the Would be Affected

2.1 Changing the definition of marriage will further contribute to the belief that marriage is just a contract based on emotions, not a covenant commitment made in the sight of God, based on love, expressed through sacrificial service. In short, if marriage can be distorted to mean anything, then, in the minds of future generations, it will further deteriorate to mean absolutely nothing.

2.2 Laws are not just nice, harmless ideas for the populace to consider. For those millions who do not have a set moral standard, the laws often become their moral measure. As adultery and pornography have been decriminalized, many more people indulge in these destructive activities – their rationale is: if government legalises it, then it must be acceptable. Similarly, more people will experiment with homosexuality and even enter into "partnerships or unions" because it is legal.

If there was a Referendum in South Africa, or if provincial parliaments had more power to make laws, there is no doubt that they would vote overwhelmingly against homosexual "marriage".

SUBMISSION ON CIVIL UNION BILL

Mr Arico Kotze (Committee Secretary), Parliament of RSA, PO Box 15 , Cape Town 8000,;  
[akotze@parliament.gov.za](mailto:akotze@parliament.gov.za)

I herewith strongly object to the proposed Civil Union Bill.

The Apartheid regime sought to justify its laws by selectively using parts of the Bible. When man does this God is not pleased. Because of prayer there was a peaceful transition to a form of government which makes provision for democracy.

Today a small minority of the population is throwing out the Bible and taking the rest of the country with it and unfortunately we will all bear the consequences of acts of parliament which are passed undemocratically by the ruling party forcing its members to vote against the word of God in legislation like the Civil Union and Termination of pregnancy Bills.

The proposed Bill discriminates against children by creating a union which is not only not recognised by the God of the Christians, who are the majority of the population, but is also not recognised by most other religions in South Africa.

Even the liberal French parliament earlier this year ruled against same-sex marriages to protect children, citing article 7 of the UN Convention on the Rights of the Child. "Children represent the future of society. They "must not suffer from conditions imposed upon them by adults... The best interests of the child must prevail over adult freedoms... even including the lifestyle choices of parents."

Dear Sir

**CIVIL UNION BILL**

Please find below my written submission to your Committee.

Kindly ensure that it is laid before Committee for its consideration when it meets on 24th -27th and debates this bill.

Thank You

AF Erasmus

The National Council of Provinces Committee

**CIVIL UNION BILL**

As a taxpaying citizen of this Country, I call upon you, the elected leaders of this Country, to do the right thing in the eyes of GOD who will one day call each of you to account for the decision you make.

I call on you to reject this Bill in its entirety : Please wake up, before its too late!!

Take a lesson from France, a liberal nation with a zeal for human rights; they are wise enough to recognize the devastating effect the allowing of same sex unions would have on future generations of children. Send a fact finding mission to France to ascertain the reasons why they are upholding article 7 of the UN Convention on the Rights of the Child, by rejecting the legalisation of same sex unions.!

Already the youth of this Country are spiraling out of control into drugs, alcoholism, gangsterism and crime. Do you now want to add yet one more moral degeneration to this list?

The vast majority of this Country, whatever colour, rejects this violation of morals. You know well that a referendum on this issue would confirm this view. If the ANC wishes to press ahead with this moral madness, you will in future see a huge swing away from a party displaying such irresponsible leadership.

If they allow this bill to become law, it will be the beginning of the end for the ANC.

AF ERASMUS

Dear Mr Arico Kotze (Committee Secretary),

I'm writing to you out of deep concern about how the civil unions bill will affect our society.

South African society started to decay rapidly when African men were sent to the mines and African women became relegated to domestic servant status. Family units were destroyed and resulted in generations of illegitimate children raised by single, impoverished women. Across the spectrum of cultures, media and urbanization have further added to the degeneration of moral values and integrity. Our street poles are littered with seedy invitations to lap dancing clubs etc all in the name of freedom of expression. What about the teenage boys who are lured there? The husbands and fathers of women and children?

How will this bill legitimizing marriages between same sexed people not serve to further confuse our youth about basic morals and values, principles of right and wrong. No matter what religion you come from, every man and woman's conscience rebels against the thought of same sexed marriage at some point in their lives before moral depravity sets in.

People are leaving in droves because of the lack of government's reaction / consequence to crime. Our society is spiraling out of control.

For the sake of our country's future, we urge you to do all you can to reverse it's acceptance in parliament.

Kind regards,

Heather Kreusch
