Department of Labour - Vote 17  
Report of the Auditor-General for the year ended 31 March 2007

## Report on the Financial Statements

### Introduction

- 1 I have audited the accompanying Financial Statements of the Department of Labour (DoL) which comprise the separate statement of financial position as at 31 March 2007, appropriation statement, statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 54 to 123.

### Responsibility of the Accounting Officer for the Financial Statements

- 2 The Accounting Officer is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis and in the manner required by the Public Finance Management Act, 1999 (Act No. 1 of 1999) (PFMA) and Auditor-General Audit Circular 1 of 2005. This responsibility includes:
  - designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error
  - selecting and applying appropriate accounting policies
  - making accounting estimates that are reasonable in the circumstances.

### Responsibility of the Auditor-General

- 3 As required by section 188 of the Constitution of the Republic of South Africa, 1996 read with section 4 of the Public Audit Act, 2004 (Act No. 25 of 2004), my responsibility is to express an opinion on these financial statements based on my audit.
- 4 I conducted my audit in accordance with the International Standards on Auditing and General Notice 647 of 2007, issued in Government Gazette No. 29919 of 25 May 2007. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.
- 5 An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the department's internal control.
- 6 An audit also includes evaluating the:
  - appropriateness of accounting policies used
  - reasonableness of accounting estimates made by management
